Program Policies

Transfers: Participants may transfer to different levels mid-session, after teacher evaluation.

Registration: Class space is not guaranteed without payment. Green Level and Higher, no registrants taken after week 3.

Combination of Classes: classes may be combined due to low enrollment and/or the skill level of participants to benefit those enrolled.

LEVEL DESCRIPTIONS ON BACK

LEVEL DESCRIPTIONS

Parent/Child 3-5 years:

Introductory

Designed to capture and keep the attention span of younger participants, the focus of this clinic is to develop hand/eye coordination in a comfortable environment. Building and developing trust over the course of the session, participants will begin to build a solid foundation for the game.

Red Level 5-6 years:

Introductory

Participants will begin working on becoming ball comfortable and learning the game basics of basketball. A general understanding of what happens on the court and an overview of rule descriptions are taught over the course of the session.

Green Level 7-10 years:

Introductory

Teachers will work to lay the foundation of shooting mechanics, footwork, and ball handling in this clinic. Participants will gain an understanding of the rules of the game and in addition, a founding knowledge for what happens on the court.

Blue Level 7-10 years:

Intermediate

Our blue level clinic is a continuation and progression of the knowledge gained in the green levels. With the addition of game-like situations and speed, participants in this level can expect to challenge themselves as they advance through the session.

Silver Level 8-11 years:

Advanced

At this elevated level, participants are taught to identify the *why*, *when*, *how* and *what* of basketball mechanics; ultimately, implementing them into game situations.

Participants can expect to challenge themselves while working to use their mental knowledge of the game on the court.

Gold/Platinum 6th-8th Grade:

Experienced/Advanced

The highest levels of the program will challenge players to implement with high efficiency, all aspects of the previous levels at game speed. These performance focused clinics will cater to athletes with previous or current experience on travel basketball teams with the Platinum Level being our most advanced level yet!
